## Apple University Consortium

### Apple University Consortium Honours Scholarships

**RESEARCH AREA:** Open

#### ELIGIBILITY

Undergraduate

Predoctoral

Postdoctoral

Full-Time Student

#### ELIGIBILITY DETAILS

The AUC Honours Scholarships Program, 2008, is open to full- and part-time domestic students of AUC member universities engaged in an Honours program in the disciplines of Science, the Humanities, Information Technology, Engineering, Creative Arts, Health or Business. Applicants must have commenced their Honours program at the start of 2008. Applicants must be engaged in a research project that depends on or uses uniquely Apple technologies

**BENEFITS:** AU \$8,000 (One Time Award) + Conference allowance.

**SUBMISSION DEADLINE:** April

**WEBSITE:** <http://www.auc.edu.au/Honours+Scholarships>

#### DESCRIPTION

The AUC Honours Scholarships is available to domestic full- and part-time students of AUC member universities who are in their honours year. Applications are accepted from students enrolled in a broad range of disciplines, including the Sciences, Information Technology, Humanities, Engineering, Arts, Health and Business. Applicants must be undertaking a full-year research project that in some way depends on or uses uniquely Apple technologies. For example, a project that implements a solution using Apple's Xgrid technology would likely be considered a suitable application for a scholarship. Incidental use of a Macintosh does not, in and of itself, qualify. For example, research conducted using a general cross-platform application (such as MATLAB, Office, or SPSS) that was coincidentally conducted on the Macintosh would not attract support.

#### DESCRIPTION

Through this trainee travel award the IA seeks to encourage networking and exchange of ideas among emerging scholars working within our priority research areas. In particular, we would like to encourage interdisciplinary dialogue and cross-disciplinary exposure of research on aging and seniors' issues. This might be accomplished through the participation of trainees in aging at academic meetings of related disciplines, or participation of currently unaffiliated researchers in conferences and symposia on aging. To meet these ends, IA is launching a competition to provide travel funds for Masters and Doctoral students, and Post-doctoral Fellows to present their work at a conference, workshop or symposia.

## Experimental Psychology Society

### Grants for Postgraduate and Postdoctoral Workshops

**RESEARCH AREA:** Experimental

#### ELIGIBILITY

Undergraduate

Predoctoral

Postdoctoral

Membership

#### ELIGIBILITY DETAILS

Membership in EPS.

**BENEFITS:** £2,500 (One Time Award)

**SUBMISSION DEADLINE:** Rolling

**WEBSITE:** <http://www.eps.ac.uk/grants/wkshops2.html>

#### DESCRIPTION

The Society will sponsor workshops designed to bring together postgraduate students and/or junior postdoctoral researchers (normally within two years of their PhD) who are working on a particular topic or would like to learn about a particular technique. The workshops would normally be expected to take place over 1 or 2 days at maximum and to be organised by a more senior researcher, who need not be a member of the EPS.

## Experimental Psychology Society

### Grants for Study Visits

**RESEARCH AREA:** Experimental

#### ELIGIBILITY

- Undergraduate
- Predoctoral
- Postdoctoral

Membership, University in the U.K.

#### ELIGIBILITY DETAILS

Applicants must be (a) registered for a Ph.D. or (b) postdoctoral workers who received their Ph.D within the previous five years. Applicants may be of any nationality. It is a further condition of the award that either the researcher's home institution or the institution to be visited, or both, must be in the UK.

**BENEFITS:** £1,200 (One Time Award)

**SUBMISSION DEADLINE:** Multiple

**WEBSITE:** <http://www.eps.ac.uk/grants/studyvis.html>

#### DESCRIPTION

This scheme aims to help finance postgraduate and postdoctoral research in experimental psychology (as defined by the content of the Society's journals). Awards will pay for travel to and maintenance at another institution outside an individual's academic base. The purpose of the visit may be to collect data, to design studies to be carried out after the end of the trip or (given suitable justification) merely to allow the visitor to learn at first hand about experimental procedures employed in the host laboratory.

## Experimental Psychology Society

### Undergraduate Research Bursaries

**RESEARCH AREA:** Experimental

#### ELIGIBILITY

Undergraduate

Predoctoral

Postdoctoral

Membership

#### ELIGIBILITY DETAILS

Undergraduate; Members may not apply for the scheme if they currently hold an EPS Small Grant, or if they received a Small Grant in the immediately preceding year.

**BENEFITS:** £2,000 (One Time Award)

**SUBMISSION DEADLINE:** March

**WEBSITE:** <http://www.eps.ac.uk/grants/bursaries.html>

#### DESCRIPTION

This scheme will finance a limited number of bursaries (5) to support undergraduates in the summer vacation immediately prior to their final year. Members may not apply for the scheme if they currently hold an EPS Small Grant, or if they received a Small Grant in the immediately preceding year. Awards will be made to members of the Society and will provide up to 10 weeks' support (£200 per week) for their nominated undergraduate. It is intended that the bursaries be targeted at undergraduates who are considering a research career in experimental psychology (as defined by the content of the Society's journals). The bursary will be administered, and the research project carried out, at the applicant's institution, although this need not be the institution at which the student is currently registered for a degree. The purpose of these bursaries is to allow the student to learn at first hand about experimental procedures and analyses employed in the host laboratory. Awards will not be granted for work that is a central part of an already-funded project.

Postdoctoral

#### ELIGIBILITY DETAILS

Applicants must be enrolled as college or university students (in their senior year, or in any graduate or post graduate level) in the natural, physical, health, engineering, computer, or social sciences or mathematics in order to apply. Post doctoral applicants must apply for the summer fellowship within one year of defending their thesis. Students enrolled in English, journalism, science journalism, or other non-technical fields are not eligible for these fellowships. Successful applicants will attend an orientation at AAAS headquarters at the beginning of the summer and a wrap-up session at the end of the summer. They will prepare reports on the progress of their fellowships throughout their placement.

**BENEFITS:** US \$4,500 (One Time Award)

**SUBMISSION DEADLINE:** Rolling

**WEBSITE:** <http://www.aaas.org/programs/education/MassMedia/program.shtml>

#### DESCRIPTION

The AAAS Mass Media Science & Engineering Fellows work for 10 weeks during the summer as reporters, researchers, and production assistants in mass media organizations nationwide. Fellows collaborate with media professionals at radio and television stations, newspapers, and magazines. As part of their job, the student-scientists and their host-journalists strive to make science news easy for the public to understand. The fellowship program is designed to enhance coverage of science-related issues in the media in order to improve public understanding and appreciation of science and technology. Fellows have the opportunity to observe and participate in the process by which events and ideas become news, improve their communication skills by learning to describe complex technical subjects in a manner understandable to the lay public, and increase their understanding of editorial decision making and the way in which information is effectively disseminated. The program has supported nearly 500 Fellows.

### Residential Fellowships at the Woodrow Wilson International Center for Scholars

**RESEARCH AREA:** Open

#### ELIGIBILITY

Undergraduate

Predoctoral

Postdoctoral

Doctoral Degree

#### ELIGIBILITY DETAILS

The basic criteria for selection are a) the importance and originality of the project (the quality of the project proposal and the degree to which the key questions have been identified and a promising approach outlined), b) the applicant's scholarly promise, capabilities, achievement, and ability to accomplish the proposed project; and, c) the likelihood that the work, when completed, will advance basic understanding of the topic under study. Projects should involve fresh, critical research both in terms of the overall field and of the author's previous published work. The Center welcomes projects that transcend narrow specialties and do not represent essentially technical methodological issues of interest only within a specific academic discipline. The main criterion is the general importance of the project; will it generate a significant book?

**BENEFITS:** US \$47,000 (One Time Award)

**SUBMISSION DEADLINE:** October

**WEBSITE:** <http://www.apa.org/ed/don.html>

#### DESCRIPTION

For academic participants, eligibility is limited to the postdoctoral level, and normally it is expected that academic candidates will have demonstrated their scholarly development by publication beyond the Ph.D. dissertation. For nonacademics, an equivalent degree of professional achievement is expected. An applicant working on a degree at the time of application (even if it is to be completed prior to the proposed fellowship year) is not eligible. All applicants should have a command of spoken English since the Center is designed to encourage the exchange of ideas among its Fellows.

#### DESCRIPTION

The Harry Frank Guggenheim Foundation (HFG) welcomes proposals from any of the natural and social sciences and the humanities that promise to increase understanding of the causes, manifestations, and control of violence, aggression, and dominance. Highest priority is given to research that can increase understanding and amelioration of urgent problems of violence, aggression, and dominance in the modern world. In addition to our program of support for postdoctoral research, ten or more dissertation fellowships are awarded each year to individuals who will complete the writing of the dissertation within the award year. These fellowships of \$15,000 each are designed to contribute to the support of the doctoral candidate to enable him or her to complete the thesis in a timely manner, and it is only appropriate to apply for support for the final year of Ph.D. work. Applications are evaluated in comparison with each other and not in competition with the postdoctoral research proposals. Applicants may be citizens of any country and studying at colleges or universities in any country.

#### DESCRIPTION

Rhodes Scholars are elected for two years of study at the University of Oxford, with the possibility of renewal for a third year. All educational costs, such as matriculation, tuition, laboratory and certain other fees, are paid on the Scholar's behalf by the Rhodes Trustees. Each Scholar receives in addition a maintenance allowance adequate to meet necessary expenses for term-time and vacations. The Rhodes Trustees cover the necessary costs of travel to and from Oxford, and upon application, may approve additional grants for research purposes or study-related travel.

#### DESCRIPTION

The program seeks to encourage and enable highly motivated students to pursue opportunities available to them and to be courageous in the selection of a graduated course of study. Since 1975 the program has selected more than 370 college juniors from 97 different schools for support during graduate study at any accredited university. Each scholar receives \$2,000 immediately prior to entering graduate school and an additional \$30,000 while attending graduate school. There are no geographic restrictions on the use of the scholarship, and recipients are allowed to supplement the award with other scholarships, assistantships and research grants. Scholars are encouraged to begin graduated study as soon as possible following graduation from college, and must utilize all of the funding within five years of completion of undergraduate studies.

#### DESCRIPTION

The George J. Mitchell Scholarship is a national competitive fellowship sponsored by the US-Ireland Alliance. The Mitchell Scholarship, named to honor the former U.S. Senator's pivotal contribution to the Northern Ireland peace process, is designed to introduce and connect generations of future American leaders to the island of Ireland, while recognizing and fostering intellectual achievement, leadership, and a commitment to public service and community. Twelve Mitchell Scholars between the ages of 18 and 30 are chosen annually for one year of postgraduate study in any discipline offered by institutions of higher learning in Ireland and Northern Ireland. Applicants are judged on three criteria: academic excellence, leadership, and a sustained commitment to service and community. The Mitchell Scholarship provides tuition, housing, a living expenses stipend, and an international travel stipend
