

Biennial International Seminar on the Teaching of Psychological Science

October 29, 2019

The 2nd Biennial International Seminar on the Teaching of Psychological Science (BISTOPS) will take place on 13 – 17 July, 2020 in Paris at Maison Suger, at the *Fondation Maison des Sciences de l'Homme—Maison Suger's* residential and working facility.

The seminar will accommodate about 20 participants who have experience in conducting and publishing research on teaching psychology and in successful grant-writing, as well as those who are developing ideas for such research or have a strong interest in doing so.

The seminar is designed to give participants the opportunity to discuss existing research on the scholarship of teaching and learning in psychology, to exchange new research ideas, to create international research teams, and ultimately to generate empirical studies whose results will promote evidence-based recommendations for improving the teaching of psychological science on an international scale.

For more information, and to apply for a place at the seminar, visit www.bistops.org. To request further information, please contact Douglas Bernstein at douglas.bernstein@comcast.net.

Application Deadline: January 15, 2020.
