

National Research Mentoring Network Resources for APS Members

October 27, 2021

The National Research Mentoring Network (NRMN) is an NIH funded initiative to diversify the STEMM fields by providing mentoring, networking, and professional development resources. Katie Stinson, NRMN's Virtual Engagement Strategist, introduces APS members to NRMN's diversity initiative, demonstrates the provided resources, and answers questions. [Learn more about NRMN here.](#)

Speaker:

Katie Stinson, NRMN Virtual Engagement Strategist
